MIXED SIXTH

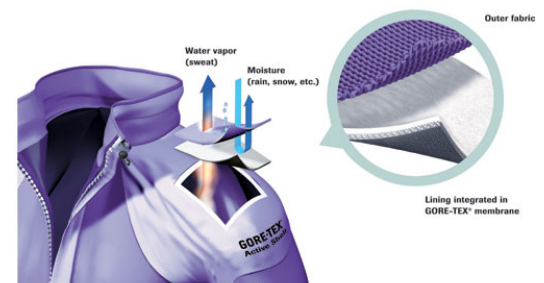

Textiles – Summer work 2018

Our first Task will be to:-

Investigate performance fibres and fabrics. Choose a product made from a performance fabric from a high street specialist store, e.g Blacks, North Face etc. Carry out a detailed product analysis on the product, a shop report on the retailer (including screen-shots of their website) and a comparative shop survey with evaluations. Use your findings to help produce a more effective, modified design of the product.

Over the summer you should complete page 1:

- Page 1 - **Research into a performance fibre or fabric.** This will need to be completed for September. Please look at exemplar to inform. Definition of a Performance Fabric, name of fabric chosen, diagram of fabric (layers, if appropriate), properties and uses.

Resources Needed: Textbook

AQA A level D&T: Fashion and textiles by Denise Davies, Pauline Treuherz and Amanda Dick
